

## Four-in-hand

set tie with heads 6" longer than tails.  
cross heads over tails.  
wrap heads behind tails.  
cross heads over lower tails again & keep loose.  
pull heads up through the back of the collar.  
thread heads down through the loop & tighten.

## Hourglass

set tie with heads 3" longer than tails.  
cross heads over tails.  
wrap heads behind tails.  
cross heads over lower tails again & keep loose.  
pull heads up through the back of the collar.  
thread heads down through the loop & tighten.  
pull the tails out the heads side so the seam shows.  
hook with your finger on the tails at the knot.  
loop tails over heads.  
thread the tails down through the fold & tighten.

## Spiral

set tie with heads 3" to 5" longer than tails.  
cross heads over tails.  
wrap heads behind tails.  
cross heads over tails below the first cross over & keep loop loose.  
wrap heads behind tails and come below the loop.  
thread heads up through the loop to tails side of the collar.  
pull heads up through the back of the collar.  
thread heads down through loop & tighten.

## Van Wijk

Skinny Tie: set tie with tails ending 1/2 way down the heads side.  
Wide Tie: set tie with tails ending 3" below widening point.  
cross heads over tails.  
pull heads behind tails to keep tight.  
cross heads over tails while keeping it loose & pull heads behind tails 2 more times.  
cross heads over tails once more & keep loose.  
pull heads up through the back of the collar.  
thread heads down through all loops & tighten.

## Full Windsor (or Double Windsor)

set tie with tails ending 1/2 way down the heads side.  
cross heads over tails.  
pull heads up through the back of the collar on tails side.  
wrap heads behind tails.  
thread heads back through collar on heads side.  
cross heads over both loops & keep loose.  
pull heads up through back of the collar.  
thread heads down through loop & tighten.

## Diagonal

set tie with tails ending 1/2 way down the heads side or higher.  
cross heads over tails.  
pull heads up through collar on the heads side.  
wrap heads behind tails.  
put a finger over the knot so far.  
loop heads through collar over your finger.  
pull heads to tail side.  
thread heads through loop over your finger.  
pull heads up through the back of the collar.  
thread heads down through the double front loops & tighten with finger.

## Trinity

set tie so heads is at the final length (probably ending above belt or waist).  
pinch the knot point.  
cross tails over heads.  
pull tails up through back of the collar on the heads side.  
wrap tails behind heads and out to tails side.  
thread tails through the front of the collar and bring to the heads side.  
cross tails over the knot to the tails side and keep loose.  
pull tails up through the back of the collar to the heads side.  
thread tails down through the first loop on the heads side and keep loose.  
wrap tails behind and back to the tails side.  
thread tails up through the second loop.  
pull tight, adjust as needed and tuck tails under collar (or through buttons of shirt).

## Eldredge

set tie so heads is at the final length (probably ending above belt or waist).  
pinch the knot point.  
cross tails over heads.  
wrap tails behind heads.  
thread through the collar and pull out to the heads side.  
cross tails over heads.  
pull tails up through collar, over to the heads side and keep loose.  
wrap tails behind heads.  
thread tails up through the first loop. you can tighten at this point.  
thread tails back through the collar on the heads side.  
thread through the collar and pull out to the tails side. keep loose.  
thread tails through the second loop out to the heads side and tighten.  
tuck tails under collar.
